

# Bernard Magee Bridge – User Guide

---

The Bernard Magee Bridge site is rich with growing bridge content to ensure that there is plenty to appeal to everyone. For some of you, this can encompass your weekly bridge timetable and for others you may prefer to just do the 'Quizzes' or look at the 'Hands of the Week'.

Our intention is not to overwhelm you, so we have created the content in bitesize modules and this offers you the opportunity to practise and discuss things further with our 'Community'.

To help you make the most of your online experience with Bernard Magee Bridge, we have created a visual MENU GUIDE (colour coordinated) and presented some options for viewing the content and modules below.

### **LIBRARY**

There is the **LIBRARY** where you can access old copies of BRIDGE magazine; and the labelled **YouTube ARCHIVE** from the 39 free YouTube sessions Bernard Magee produced over the Covid-19 lockdown period in March 2020 in the UK. The Calendar keeps you abreast of the schedule of the Live Shows, Set Hands on BBO, Casual Bridge, Live Teams on BBO and any other events going on.

As you can see there is a lot available to you with your membership and you do not need to do everything. You can pick and choose what you use, as and when you have time. If you don't have the time to fit everything in, the content is all archived for you to go back to at a later time.

Even if you choose just one aspect of the site to enjoy, you may find that you are getting your value for money: think not what you are not using, but what you are enjoying.
